

QUEEN MARY'S COLLEGE (AUTONOMOUS)

DEPARTMENT OF HOME SCIENCE

DEPARTMENT ASSOCIATION ACTIVITY 2024-2025

(03/01/2025)

The Department of Home Science organized its Association Activities on January 3, 2025, featuring a variety of competitions that showcased students' creativity, knowledge, and teamwork. The organizers of the event were Dr. K. Kasthuri, Associate Professor and Mrs. K. Bhuvaneswari, Guest Faculty, Dept of Home Science. The event was met with enthusiasm from both students and faculty, making it a memorable and enriching experience. The highlight of the day was the **Flower Arrangement Competition**, where students demonstrated their artistic skills through stunning floral displays based on the theme **“Japanese Arrangement.”** The participants creatively incorporated traditional Japanese floral styles such as Ikebana, emphasizing balance, harmony, and minimalism. The vibrant and aesthetic arrangements captivated the audience and judges alike. Following this, a **Quiz Competition** was conducted, centering around the themes **“Nutritional facts for healthy living / flora and fauna of QMC / Let’s know our college and department.”** The questions were meticulously crafted by Dr. K. Kasthuri to spark curiosity while simultaneously assessing students' knowledge of their parent institution and the fundamentals of their core subject. The students actively participated, displaying their knowledge about the college and various aspects of health and well-being. The rapid-fire round added excitement, making the event both educational and entertaining. Another engaging segment was the **Collage Competition**, on the theme **“Sustainable Health.”** Participants crafted impressive collages using eco-friendly materials to convey messages on environmental sustainability, nutrition, and healthy living. The creative interpretations reflected students' awareness and commitment to a healthier future. The competitions were judged by both **External and Internal Judges**. Faculty members and students thoroughly enjoyed each and every segment. The event concluded with a vote of thanks, acknowledging the dedication of participants, judges, and faculty members in making the event a grand success.
