Principal Secretary / Vice Chairman

Lr. No.92/SCICITY-IIT(M)/RO/2025 dated 24.01.2025

To
The Professor and Head
Department of Chemistry
Queen Mary's College
Chennai

Sir / Madam,

This is to inform that the following students

1. Ms. V. Janani, II M.Sc., Chemistry and
2. Ms. M. Rajasri, II M.Sc., Chemistry, have been selected to attend the "Advanced Chemistry Workshop" to be organised at IIT Madras from 31.01.2025 to 02.02.2025.

The students shall be instructed to :

1. Carry Selection intimation Letter
2. Carry College identity card
3. Carry Bonafide Certificate
4. Maintain utmost discipline
5. Not to leave IIT campus without informing the organisers

Detailed guidelines regarding accommodation, hospital facilities and other access points within IIT Madras will be sent in due course.

For Principal Secretary / Vice Chairman

Feedback from Rajasri

The experience I had at the IITM advanced chemistry workshop was truly amazing. I learned a lot, especially about recent research topics in the field. The hands-on exposure to spectroscopic and other advanced instruments, along with their working principles, was incredibly insightful. The workshop provided a great opportunity to interact with expert professors and researchers, which broadened my understanding of cutting-edge developments. Engaging in discussions with fellow participants also helped me gain new perspectives. The well-structured sessions, practical demonstrations, and real-time applications of concepts made the learning process even more enriching. Overall, this experience motivated me to pursue a PhD there and contribute to innovative research.

Feedback from V Janani

The experience I got in IITM advanced chemistry workshop was awesome. I learnt plenty of things. They taught us about the recent research topics going on. I also had a experience and get to know on spectroscopic instruments as well as others and it's working principles practically. Overall, I was motivated to do PhD there.
